The Club has provided paddles and balls for members which are available on the courts. Clinics for members who want to “learn how to play the game” have been organized and signup for those clinics will begin in November and will run throughout the season. Clinics will be conducted on the courts and will cover game fundamentals such as scoring, rules of play, serving and returning, basic game strategies, and real game play.

Forest Glen has a very active tennis program with related social events. Residents enjoy playing on four championship Har Tru tennis courts. The courts are beautifully situated within attractive and quiet surroundings. Windscreens provide optimum playability, excellent background, and all four courts are lighted so play can continue after dark. The canopied benches offer a respite between sets.

Players at all levels enjoy the tennis experience at Forest Glen. There is an active tennis community and many residents take advantage of the format to make new friends and arrange future matches.
